Campus Community Advisory Council
Annual Report
2015-2016

CHARGE/PURPOSE

The Campus Community Advisory Council (CCAC) is a council composed of diverse campus representation, including students, faculty, and staff. The council advises the Senior Vice Chancellor and functions as a resource to University departments, organizations, and individuals, as well as neighboring communities involved in efforts to improve and sustain a high quality campus life. The CCAC strives to improve the quality of life at UCSF and create a community environment where faculty, staff, students and trainees can thrive.

ACTIVITIES and KEY ACCOMPLISHMENTS OF 2015-2016

Community Spaces

- **FAMRI Terrace Renovation:** The CCAC fostered a collaboration with Facility Services to improve the usability of the Flight Attendant Medical Research Institute (FAMRI) garden terrace. The space is popular amongst the UCSF community as a lunch and break space surrounded by an impeccable view of the city but lacked available seating.

- **Nursing Mezzanine Redesign:** The CCAC endorsed Campus Life Services - Retail Services efforts to replace the former Courtyard Café with the San Francisco Soup Company. We continue to advocate for redesign and improvement of the Nursing Mezzanine right above the newly opened Ladle & Leaf.

- **Kalmanovitz Library Makers Lab:** The CCAC endorsed the library’s innovative space dedicated to “imagine, learning, and building things and community.” Members of the UCSF community have access to state of the art equipment such as 3D printers and Arduinos.

Fitness and Recreation

- **Fitness Member Recruitment and Retention:** The CCAC advised Fitness and Recreation on member retention and recruitment initiatives. These are critical to maintaining Fitness and Recreation as a sustainable business, preserving fitness opportunities for the campus.

- **Mini Fitness Centers:** The CCAC supported Fitness & Recreation in diversifying and extending fitness options for the UCSF community. As part of that work, the committee worked toward identifying space for new Mini Fitness Centers at Zuckerberg San Francisco General and a 24/7 Parnassus site.

Quality of Campus Life

- **Fundraising Efforts in Support of Campus Life:** The CCAC strongly supported the initiative to increase funding to Arts & Events for campus activities.

- **Living Well Campus Initiatives:** The CCAC made suggestions for campus wellness initiatives to Leeanne Jensen, Director of Wellbeing.

- **CCAC Vision and Mission Statement:** The CCAC updated its vision and mission statement. This year, the council voted to change its name from Campus Community Centers Advisory Council (CCCAC) to its current title, Campus Community Advisory Council (CCAC) to better reflect the group’s charge.

- **CCAC Website:** The CCAC maintained a website highlighting council initiatives. The website welcomes the UCSF community to contribute their thoughts and opinions through an email form.

PLANNED EFFORTS FOR 2016-2017

New Activities

• **Identify Quality of Life Issues:** The CCAC recommends deepening a collaborative relationship with new campus wellness initiatives and with Executive Vice Chancellor and Provost Daniel Lowenstein, to guide development of quality of life initiatives. These efforts are intended to strengthen the recruitment and retention of UCSF students, trainees, faculty and staff in an increasingly expensive and competitive housing landscape in San Francisco.

• **Increase Community Space:** Since availability of gathering spaces is an important catalyst for building community, the CCAC recommends focusing next year’s efforts on identifying and developing spaces at the Mission Bay, Mt Zion and Parnassus campuses.

Continuing Activities

• **Mini Fitness Centers:** The CCAC will continue to support Fitness & Recreation in identifying new locations for Mini Fitness Centers.

• **Fitness Center Member Retention:** The CCAC will continue to advise Fitness and Recreation to ensure improvement in member recruitment and retention at Millberry and Bakar Fitness Centers.

• **Millberry Refresh:** The CCAC will participate in the re-design of Millberry Fitness and Recreation Center. The CCAC will work with Fitness and Recreation Center to ensure minimal impact of the Millberry Center Renovation on the building occupants, Millberry Fitness Center members, and the UCSF community.

• **Mission Bay Athletic Fields:** The CCAC will continue to endorse and advocate for construction of a full-sized multi-purpose athletic field as part of the Long Range Development Plan (LRDP).

• **Parnassus Avenue Streetscape:** The CCAC will continue to advocate for the Parnassus Avenue Streetscape Plan in the LRDP.

• **Saunders Court Renovation:** The CCAC will continue to advocate for the renovation of Saunders Court as part of the Clinical Sciences and UC Hall renovation and seismic retrofit project, as well as a professional meeting space in UC Hall.

Approvals

Sarah Cheng, CCAC Co-Chair

Trisha Macrae, CCAC Co-Chair

Delphine Tuot, CCAC Vice-Chair

Gail Mametsuka, CCAC Manager
